

## To Whom It May Concern

Patient's name: Taro Yamada

Patient's address: 0-0-0 XXXX, XXXX-city, Tokyo

The above named is a person with a bleeding disorder. The bleeding to which they are subject can only be treated with transfusion of plasma or recombinant concentrate. Since bleeding may occur at any time, Name: Taro Yamada carries supplies with him/her together with syringes, needles etc., for infusion. It is therefore of vital importance that these essential medications are permitted to travel with the bearer as hand luggage.

In no circumstances should the concentrates be withheld or placed in the aircraft hold as to do so may cause unnecessary delay in treatment and, additionally, would increase the risk of loss or damage.

A security official who inadvertently withholds bottles of plasma or recombinant concentrate may place Name: Taro Yamada's life in jeopardy.

For purposes of comparison, it is as if insulin vials were withheld from a person with diabetes.

Please take the customer's condition into consideration and give permission for him to carry the supplies with him as hand luggage. Situations may arise where the patient must inject himself during the flight.

In anticipation of your cooperation, I am,

Sincerely yours,

Doctor's signature : \_\_\_\_\_
